## PRESIDENT'S MESSAGE

I really don't have much to write about this month. However I would again like to thank those members that helped make the Broadhead and the Fathers Day Shoot a Success. I would also remind you that we need some younger blood in our membership. So Please remember to ask your friends, neighbors, and anyone you may come into contact with who mentions archery in any way, to become a member.

To those who are going Archery hunting I wish ya'll the best of luck.

Watachie

Don Harris

## MESSAGE FROM DARRYL

I hope all you hunters are using the range for practice before you go after that big buck or elk this season. Hopefully everyone got tags that they wanted and have the time needed to get out there and get it done. Good luck to all who get to hunt, especially those that are going out of state.

This hot weather sure can't help the game, but it doesn't help us either, so I guess that makes it about even on the playing field.

With no club meeting until October we may not see many of you until then so stay safe and have fun. See you when we meet again.

SHOOT EM STRAIGHT

Darryl
