### CLUB CALENDAR

**MEETING:** October 02

**CLUB SHOOTS:** August 12, September 9, October 14

Due to the upcoming hunting seasons, there are no meetings or publications scheduled for the months of August and September. I will send a reminder with the place, date and time of the October meeting. The next publication will be after the October meeting.....Joyce

### PRESIDENT'S MESSAGE

At the present time I am completely out of words. For this month I think I will do like the hunters do and have nothing other than hunting in my thoughts. When I used to go hunting it was usually something like this. While in the construction business and working most of the time on the outside. There would come a cooling breeze sometimes as early mid July and it was a different feel than the normal wind. This breeze always started the Hunting Fever. And the fever grew until the season opened. After the hunting was over the thoughts would dwindle until that next cooling breeze started the next years hunt. Although I don't hunt anymore I was outside doing a little work last week and felt that same different cooling breeze and again my thoughts went to the Hunting. So to those of you who have felt the same breeze I say Good Hunting and to those of you who have not felt the cooling breeze may it someday cross your path.
