## PRESIDENT'S MESSAGE

Our 21st annual invitational was most successful, despite gas prices. We were right on target in comparison with previous years for attendance as we had 262 archers. We received numerous compliments on the range and in fact I received the following email from one of the attendees, which I would like to share.

**"I think I speak for all attendees when I say that I had a great time at your shoot. All aspects were well organized and seemed to flow smoothly. It was obvious that you and your members had done a significant amount of work to prepare for the event. I am sure that all shooters appreciated your efforts as much as I did.**

**Mike B."**

It seemed that the Norcal Motion Targets were successful, but we will need to discuss this further at a future meeting as to whether or not it was worth the disturbance for the funds received. We received the "Husted Hut" sign in time for the shoot and it was installed temporarily and we will make permanent mounting brackets for future shoots. Hope to see all of you at the range on July 12th for our annual club pot luck.
