CLUB CALENDAR

Next Meeting & Club Shoot:
Potluck – Saturday
July 11, 1:00PM
At the Range.

Presidents Message:

FIRST AND FOREMOST, I want To THANK all the club members, family and friends that helped at Sundays Shoot and to all those that put in long hours at work parties before the Shoot this year. The range really is a show place and with all of our efforts it did shine this Father's Day.

Posting the winning numbers for raffle.

Initially we had posted that we had 253 shooter this year, but that did not include the pre-registrations. Our actual count was 278. With all the spouses, kids and friends not shooting, club members, volunteers, etc. we easily had well over 350 folks on the range. As in previous years, we received lots of compliments on the range and for the first time visitors, those that I talked to said that they would be back.... That said, please join us for a Club potluck on Saturday, July 11th. We will eat around 1:00, so come early to shoot or visit and spend the day. The club will be providing drinks and the main dish for you meat eaters....See you then. Thanks to all of you, we are able to continue to have a premiere range to utilize and enjoy.

Annual Tournament Information:

Lost & Found department following the Tournament:

We found a nice blue PGA golf sweatshirt at the kitchen, call Jim if it's yours, 530-891-0316. Better hurry, he doesn't golf.

As was reported by President Jim, our club had great weather and attendance for this year's annual tournament. I never wrote down the winners of the many various classes and divisions that received awards for 1st, 2nd, and 3rd. But we do have some of the Fun shoot winners and Ping-Pong ball clouts.

On Saturday evening Kurtis Webber & Roy Miller topped the board with their combined score of 589 points, taking home ½ of the registration pot, with our club getting the other half for maintenance on the targets. The 2nd place shooters were Jan Sciacca & Mikey Webber with six points less (583), getting free pork loin dinner. Last of the winners were Kenneth Wharton & Kevin Potes with 580 points. The blind draw kept the scores close and worked well once again at giving each shooter a chance of winning.

In Saturday's Ping-Pong clout, Levi Drake Pope's arrow claimed the top prize beating the other competitors. On Sunday Neil Eliassen of Straight Arrow in Redding won the adults, with a young lady Kathy Wharton taking the honors for the Cubs both on Saturday and again on Sunday.

In the raffle our various donors came up with a total of 49 great prizes, with several members and area businesses contributing merchandise for the fundraiser.

One other great attraction for members and guests that weekend was all the wonderful tasty food provided for all feeling a little under nourished and an empty spot in their stomach.

Be sure to attend our range meeting, potluck and club shoot on July 11th for the financial report of the tournament.
